

FOR IMMEDIATE RELEASE

RELEASE DATE: TUESDAY, OCTOBER 20, 2009

THE CHRISTMAS TRAIN IS ROLLING!

The Christmas Train is back and better than ever before! Starting the weekend after Thanksgiving, thousands of guests will once again enjoy an unforgettable holiday experience filled with wonder and delight. Dry Gulch, U.S.A. - home to The Christmas Train - is one of Oklahoma's premier retreat centers and summer camps. Originally constructed as an 1880's movie set, the location offers Old West nostalgia that immediately transports guests into a bygone era. On select nights in November and December, the location is transformed into a winter wonderland that the whole family can enjoy.

Over the past several years, The Christmas Train has undergone extensive renovations and remodeling. Several new buildings and attractions have been added, and this year's event promises to be spectacular. The featured ride aboard an old-fashioned steam train is a family favorite and is sure to make this holiday season one that guests won't soon forget.

As part of the train ride, guests witness the Christmas story come to life with the help of amazing artwork, story narration, live scenes, and an original music score. In addition to the featured ride, there is a host of other things to see and do. The Christmas Train offers a variety of specialty gift shops, dining and concession areas, a live western music show, wagon rides, photos with Santa, and much more.

Admission to The Christmas Train is by advance ticket purchase only.

Tickets may be purchased by calling 918.234.8100 or going to the online ticket center at www.christmastrain.com. Tickets for Sundays through Thursdays are \$12 for adults (ages 12 & up) and \$10 for children (ages 2-11). For Fridays and Saturdays, tickets are \$15 for adults (ages 12 & up) and \$12 for children (ages 2-11). Children under 24 months are admitted free of charge. Additional cost and age restrictions apply to certain activities. Tickets go on sale starting November 4. Make plans to join us!
